Reply to Notice to File Missing Parts dated August 10, 2004

#### REMARKS

An earlier filed response to this Notice addressing other requirements (i.e., declaration with signature, declaration surcharge fee, and replacement drawings) was filed under separate cover in a submission dated November 10, 2004 and filed with the Patent Office on November 15, 2004. By this response, in conjunction with the earlier filed response, Applicant has responded fully to the requirements of the Notice and respectfully requests issuance of a filing receipt.

Applicant hereby petitions the Commissioner of Patents and Trademarks to extend the time for filing of this Response to the Notice in the above-entitled application for three (3) months from October 10, 2004 to January 10, 2005. Enclosed please find a check to cover the cost of the extension of time fee and the non-English specification. The check amount reflects the difference between the fee for a three-month extension and the fee previously paid under separate cover to obtain the one-month extension of time for filing the prior first response to this Notice.

Referring to the requirements of the Notice met by this submission, Applicant has enclosed herewith an English language translation of the original application document filed in Japanese. The translation includes eleven (11) pages of specification, three (3) pages of claims, and one (1) page of abstract. Applicant hereby verifies that the translation is accurate.
